DESCRIPTION

PRODUCT COVERED:

USR Component Connector Housings, Part Nos. 926539-1, 926539-2, 926539-3, and 926539-6.

GENERAL:

These devices are single and multi-pole connector housings without any electrical contacts. They consist of the molded insulating base only and are intended for factory assembly to contacts (pins) by the end-product manufacturer. These housings have only been investigated to the construction requirements for the insulating materials as contained in UL1977. No performance tests have been conducted. Additional End-Product Tests on the connector assembly (Housing and Contacts) will be required.

USR indicates investigation to United States Standards as referenced in the Test Record.
