## **TE Connectivity Statement on Corporate Responsibility**

TE Connectivity (“TE”) is committed to conducting business in responsible ways that provide an advantage to its employees, customers, and shareholders.

TE has extensive programs addressing environmental responsibility and workplace safety, labor practices, ethics and other matters important to its stakeholders. Each year TE responds to the [CDP](#) and releases a [corporate responsibility report](#) in accordance with the [Global Reporting Initiative](#) at the core level and aligned with the [Sustainability Accounting Standards Board](#) standard for our primary industry. TE also releases a [Task Force on Climate-Related Financial Disclosures report](#). TE also is honored to have been listed on the [Dow Jones Sustainability Index North America](#) for nine consecutive years.

TE is familiar with the principles of the Electronic Industry Citizen Coalition (EICC), Social Accountability International’s SA8000 standard, Organisation for Economic Cooperation and Development (OECD) Guidelines for Multinational Enterprises and other customer codes of conduct. [TE’s Guide to Ethical Conduct](#) includes programs, policies and practices that embody the principles set forth by these organizations. Through these efforts, TE was named a [World’s Most Ethical Company by Ethisphere Institute](#) for the seventh consecutive year in 2021.

To reinforce TE’s policies on human rights, TE became a signatory of the [United Nations Global Compact](#) in 2011 and committed to communicating progress on the ten principles, which align with the core values of TE Connectivity. TE also promotes its Supplier Social Responsibility Program, which includes the [TE Connectivity Guide to Supplier Social Responsibility](#) and an active, comprehensive review and audit of our suppliers and their social responsibility activities including the [TE Connectivity Slavery and Human Trafficking Statement](#).

More information about TE’s principles and our commitment to being a responsible corporate citizen can be found at [www.te.com/responsibility](http://www.te.com/responsibility) or by contacting us at [TECorporateResponsibility@te.com](mailto:TECorporateResponsibility@te.com).
