

INDOOR LIGHTING

APPLICATION GUIDE

FIXTURE CONNECT SOLUTIONS

TE's fixture connect solutions are engineered to improve manufacturability, speed time to market and make repairs easy—while at the same time meeting the regulatory standards of various geographical regions. Our low-profile, easy-install connectors, application-friendly field wiring terminations, label solutions and power line filters easily integrate into new or existing LED fixtures.

A SMARTER BUILDING STARTS WITH SMARTER LIGHTING

We understand lighting fixtures and the building systems they go into. Our global presence and full offering of component solutions makes us the ideal partner to help bring your indoor LED lighting designs to life. We specialize in collaboration and co-creation, and our engineers are ready to help you find the right products and configurations for all of your lighting needs.

CUSTOMIZED SOLUTIONS

We have decades of experience collaborating with entrepreneurs and engineers, and we're here to assist you in delivering what's next in LED lighting. If you're facing a technical challenge, or if you need something we don't currently offer, just ask—we're ready to help.

SINGLE SOURCE FOR QUALITY PRODUCTS

With more than half a million part numbers and a full breadth of products designed for indoor LED applications, TE is your connectivity partner of choice. TE is a one-stop shop for all your indoor lighting needs, eliminating the hassles of a vast and disconnected supplier base, so you can focus on perfecting your designs and taking them to market.

FREE SAMPLES

Need a test product? TE allows engineers and designers to order product samples—at zero cost—with free, next-day shipping. Test product fit and function with the freedom to experiment and try before you buy. [Browse our sample catalog today.](#)

GLOBAL SUPPORT NETWORK

From design and assembly to installation and maintenance, TE is engaged and invested in your success. Our worldwide network of engineers offer unmatched service before and after the sale. No matter where you are, you can rest assured that TE will be there to help with technical hurdles and design challenges.
